Hi Tim,

You may recall that after the meeting with Andy Gillespie and Bill Fisher last week, John mentioned that he would soon have a manuscript ready for internal review—and here it is! Would you be willing and able to do a technical review? John and I would very much appreciate your feedback on the manuscript.

Thanks,
Caroline

Subject: Submission of manuscript for technical review

Hi Caroline,

I am attaching a manuscript that I hope you might assign for a technical review. It is on the NJ soil PFAS that we have been toiling on recently.

Ex. 5 Deliberative Process (DP)

I plan to submit the cleared manuscript to the journal Science (glutton for punishment and rejection). I am attaching the advanced notification draft in case someone wants a short summary or wants to comment on it.

I am on annual leave through next week. But can be texted if needed.

Thanks,
John

Thanks,
John
